Stability and Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"FLY - BY - NIGHT," "FIRE - SALE" and other temporary or "GET-RICH-QUICK" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May We Explain How and Why It Will Pay You?

It Pays To Be Prominently Displayed

To let people know WHO you are, WHERE you are and WHAT you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so CONSTANTLY used as the City Directory.

PREFACE

CHARLOTTE, N. C.

THE TEXTILE CENTER OF THE SOUTH

Altitude 780 Feet

Twenty years ago the South began to arouse from her bed of rich, deep traditions and bestir herself. There is a new South today—an onward driving, pulsating South in industry, agriculture and finance.

Fundamentally, successful industries develop best where abundant raw materials, mechanical power and stable population combine. Tremendously rich in natural resources, power and raw materials, the South has strided forward with seven-league boots, and today, the economic advantages resulting from the development of her resources are leading the trail of industry Southward.

This is true, not only in the textile field, where advantageous conditions of power, climate, labor and living conditions at the source of raw materials have already transferred the center of industry from New England to the South, but in other lines of diversified manufacturing as well.

North Carolina today is the pacemaker of the South; it leads in textile manufacturing and hydro-electric power development and Charlotte is the center of a textile manufacturing territory having 770 mills, operating over 10,000,000 spindles and consuming more cotton than any other section in the world.

It is the center of one of the largest hydro-electric developments in the United States—the total horsepower developed and in immediate prospect of developing being more than a million horse power.

It is the largest center in the South for textile mill machinery and equipment, practically all the large companies in the United States and England handling their entire business in the South through Charlotte offices and plants.

Is the "Southern Market" for dyestuffs—laboratories and offices being maintained here by the leading dye corporations of the country.

Annual payrolls of over 20 million dollars, from the more than two hundred widely diversified manufacturing and industrial plants in Charlotte.

AS A MANUFACTURING CENTER CHARLOTTE OFFERS:

1. Low power for manufacturing purposes.
2. Close proximity to the sources of all material for finished products.
3. Cotton, cotton yarns, cotton seed, cotton oil, tobacco, peanuts, kaolin, wood pulp, lumber, etc.
4. It is the logical location for a manufacturer of commodities for export through the ports of Norfolk, Wilmington, Charleston and Savannah.
5. A very desirable type of high-class labor, available to manufacturers.
6. Mild climatic conditions throughout the year. There are nine months of exceptional open-season weather.
7. The adequate transfer facilities of four railroads with daily terminal facilities of 5,200 carloads.
8. Desirable living conditions and an exceptional residential development.

CHARLOTTE'S TRADING TERRITORY

Population with suburbs (one of the richest in the country)	over	100,000
Population within 25-mile radius	"	250,000
Population within 50-mile radius	"	600,000
Population within 75-mile radius	"	1,200,000
Population within 100-mile radius	"	2,000,000
Population within 150-mile radius	"	4,500,000

Charlotte offers the finest opportunities of today as the logical location for new industries, distributors, wholesale houses and business interests of every description that wish to take advantage of the manufacturing and trade opportunities in this rapidly developing section, the richest trading territory in the South.

CHARLOTTE—LARGEST CITY IN THE CAROLINAS

PREFACE (Continued)

NUMBER OF RESIDENTS HAS NEARLY DOUBLED SINCE 1920

MORE WOMEN THAN MEN

Fair Sex Outnumbers Men by 2,000—Total Number of Breadwinners is 41,404

Charlotte will begin the year with a population of more than 80,000 residents within the municipal limits, according to the 1930 Census.

It is estimated that the population of Charlotte and its suburbs in 1931 will be in excess of 90,000. An official census taken in 1928 by the U. S. Census Bureau showed a population of approximately 81,000. The 1930 census was 82,645.

More Women Than Men

An interesting feature of the population statistics as revealed by our survey was the fact that there are more women than men living in Charlotte. The figures were 46,286 women as compared with 44,078 men.

Our survey also showed that the number of women earning a livelihood in Charlotte is nearly half as great as the number of men. The total number of breadwinners, according to the survey, is 41,404, of whom 28,139 are men. In 1920 there were only 26,233 wage-earners in the city.

The number of families in Charlotte in 1930 was 20,904, as compared with 10,720 families living here in 1920.

Persons of Voting Age

There is a total of 52,446 persons over 21 years old in the city, and of this number there are approximately 1,000 more women than men, according to our records.

The number of persons over 10 years old is 71,181, of whom 34,494 are males and 36,687 are females, as compared with 17,419 males and 19,084 females in 1920.

Our survey is based on excess of births over deaths in the city since 1920, the increase in youths of school age, and the increase in domestic water service and other factors having a bearing on population figures.

FACTS ABOUT CHARLOTTE

CHARLOTTE'S EXPRESS RECEIPTS

1915	$ 315,000.00
1925 Above	600,000.00

CHARLOTTE CHAMBER OF COMMERCE

CHARLOTTE, N. C.

Mecklenburg County Court House, Charlotte, N. C.

Historical Facts of Mecklenburg County

THE BEGINNING OF CHARLOTTE

The town of Charlotte, the county seat of Mecklenburg, was incorporated in the year 1768. A courthouse, constructed of logs, had been built in the town a few years previous to its incorporation, and the county court was held there, which probably accounted for Charlotte being selected as the county seat. The court house was located at the intersection of the streets now known as Trade and Tryon Streets.

SCHOOLS AND EDUCATION

The people of Mecklenburg brought with them, in the settlement of their new country, the love of education. The first schools were conducted in the homes of the teachers or their patrons. Prior to the time of the American Revolution a number of school buildings had been erected. Queens College, or Museum, located within Charlotte, but within bounds of Sugar Creek Church, was the most noted school of Colonial times in Mecklenburg county. This college was located on a lot on South Tryon Street where later, for many years, stood the Mecklenburg County Court House.

CHURCHES AND RELIGION

Seven churches of importance in Colonial days in Mecklenburg county were. Sugar Creek, Rocky River, Poplar Tent, Hopewell, Steel Creek, Providence and Centre. The congregations of these early churches were composed of men and women of strong character, high motives and dignified demeanor. To their influence throughout the community and upon succeeding generations may be attributed the fine type cf Christian citizenship which has characterized the people of Mecklenburg county. Many members of the families composing these seven Colonial churches have gone out to other sections of the United States, particularly to the southwestern and middle-western sections of the country, to establish homes and to carry with them the fine ideals of citizenship and Christian influence to their Mecklenburg ancestry. Numbers of the descendants of these Mecklenburg citizens who have moved to other parts of the United States make pilgrimages to the old churches to read upon tombstones in the ancient burying grounds the record of the lives of their forefathers. Upon anniversary occasions at these historic churches, all-day services are held and men and women from many distant states are numbered among the persons in attendance.

SOUTH TRYON STREET—CHARLOTTE, N. C.

Charlotte has many distinct advantages to offer the manufacturer—four competing rail lines, low freight rates, pure water and a convenient location. Henry Ford, after careful study, located his mid-South assembly plant at Charlotte and today it is one of the largest units in the Ford chain. Investigate this thriving city. Living conditions are ideal. Climate is mild and pleasant, and schools are the finest in the South. Excellent hotels and shops. Cordial social life and four excellent golf courses.

CHARLOTTE, N. C.

HISTORICAL

CHARLOTTE, the county seat of Mecklenburg, named for Princess Charlotte of Mecklenburg-Schwerin, wife of George the Third, was incorporated in 1768 The name Mecklenburg was given to the county in honor of the Queen's birthplace. The early settlers were made up of Scotch-Irish from Pennsylvania and Virginia. Germans from the same section; English, Scotch, Germans, Huguenots and Swiss from the South by way of Charleston.

Charlotte is famed as the place where the first Declaration of Independence was made on May 20, 1775.

MECKLENBURG DECLARATION OF INDEPENDENCE

"Resolved, That we, the citizens of Mecklenburg county, do hereby dissolve the political bonds which have connected us with the mother country; and absolve ourselves from all allegiance to the British crown, abjuring all political connection with a nation that has wantonly trampled our rights and liberties, and inhumanly shed the innocent blood of Americans at Lexington.

"Resolved, That we do hereby declare ourselves a free and independent people, that we are and of right ought to be a sovereign and self-governing people, under the power of God and the general congress; to the maintenance of which independence we solemnly pledge to each other, our mutual cooperation, our lives, our fortunes, and our most sacred honor.

Resolved, That all officers, both civil and military, in this county, be entitled to exercise the same powers and authorities as heretofore; that every member of this delegation shall henceforth be a civil officer and exercise the powers of a justice of the peace, issue process, hear and determine controversies, according to law, preserve peace, union and harmony in the county, and use every exertion to spread the love of liberty and of country, until a more general and better organized system of government be established."

Charlotte offers the finest opportunities of today as the logical location for new industries, distributors, wholesale houses, and business interests of every description, that wish to take advantage of the manufacturing and trade opportunities in this rapidly developing section.

EVERY LIVE CONCERN SHOULD BE REPRESENTED IN CHARLOTTE

WE INVITE YOU TO CHARLOTTE

CHARLOTTE

THE QUEEN CITY

Charlotte is located in the center of a territory recognized as the most rapidly developing industrial and commercial section in the South. The eyes of the commercial as well as tourist world are focused on the Piedmont Carolinas—the section of which Charlotte is the geographic and industrial center.

Hard surface roads radiate from Charlotte in every direction: Eleven highways entering Charlotte. The National Highway crosses North Carolina State Highway at Charlotte. North Carolina has 9,000 miles of paved roads. Two million people can come to Charlotte from a radius of one hundred miles by automobile, transact business and return home in the same day.

Charlotte is the distributing center of the Carolinas and is the natural radial point for the railroads of this section. There are eight railway lines radiating from Charlotte, this situation making possible a maximum of railway trackage for new industries of various kinds. Charlotte has an abundance of skilled and unskilled labor willing to give an honest day's work for a reasonable wage. Charlotte is not disturbed by continued labor difficulties, strikes and labor agitation.

The quality of Charlotte's water supply is excellent, the supply aboundant, with a modern filter plant, completed at the cost of $1,500,000.00.

Electricity, ample and at low rates, has been probably the greatest factor in the industrial and commercial development of Charlotte.

Charlotte's rapid growth as a manufacturing and business center has developed financial institutions commensurate with the demands of our rapidly growing city and section which they serve.

Charlotte is live, aggressive, progressive.

Charlotte citizens cooperate in matters which promote the civic, commercial and religious and industrial welfare of the community.

Charlotte is a friendly city. She welcomes the newcomer, be he from the North, West, the East or the South.

We hope you will visit our city and experience the Charlotte spirit of good-will and cooperation.

For nformation regarding any subject please write the Chamber of Commerce, which will gladly render helpful and understanding service. C. O. Kuester, Business Manager, always ready to serve. Write him direct.

Tune in on WBT, our new 5000-watt Station.

Aviation Center of Carolinas.

THE LARGEST CITY IN THE CAROLINAS

INDUSTRIES—New industries are moving in, old ones expanding. Population is increasing rapidly and the Charlotte of today is a bustling city of over 82,000 people. (1930 U. S. Census.) Charlotte and suburbs above 95,000.

GROWTH—This growth has not been haphazard, but is the result of natural advantages being developed by a people of great initiative. *Charlotte has everything to build a great industrial city.*

Note—Branch Federal Reserve Bank at Charlotte. District office of Bureau of Foreign and Domestic Commerce of U. S. Dept. of Commerce at Charlotte. *For Detailed Information on Any Phase of the Business or Social Life, Write*

THE CHAMBER OF COMMERCE, CHARLOTTE, N. C.

THE DUKE BLDG.

J.A. JONES CONST. Co
CHARLOTTE N.C

POWER

Charlotte is the home of the Duke Power Company, operating one of the best hydro-electric systems in the world. Southern electric companies are tied up into a great super-power zone and abundant "white coal" assures ample power at low cost.

LABOR

Labor is the finest in the country today—*native, white, sober, industrious.* Labor troubles are practically unknown and the labor turnover is small.

TEXTILE

Here the textile development of the South is centering. Seven hundred and seventy mills operate 10,000,000 spindles in a hundred miles and a great business has grown up in supplying these mills with dyestuff, cotton, machinery and equipment of all kinds.

The South's Finest Store

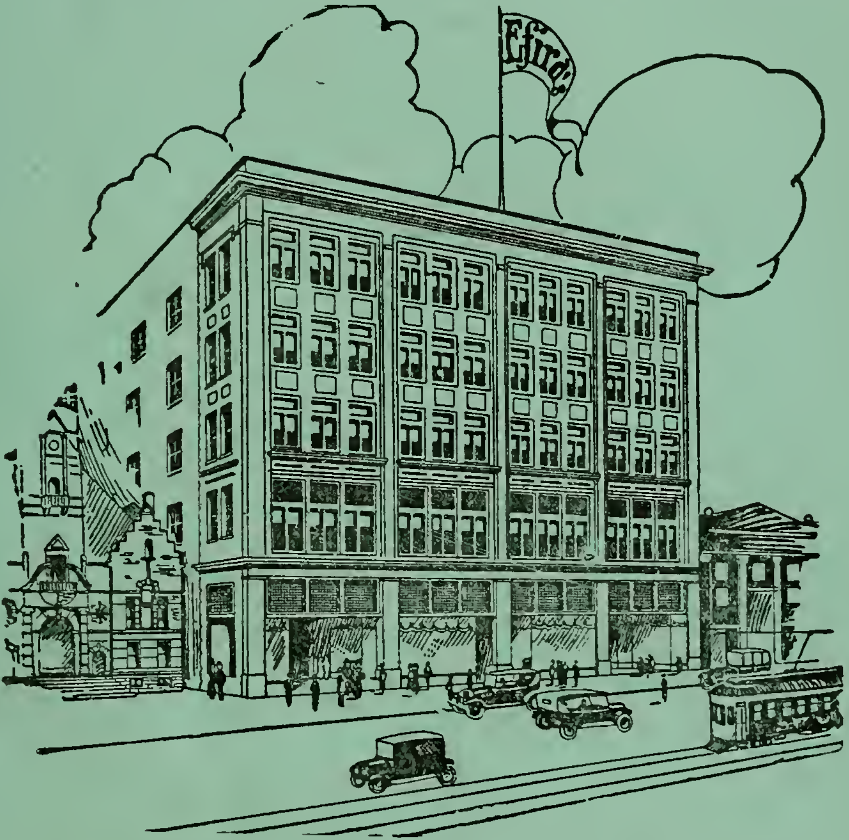
WITH every facility known to the modern department store, EFIRD'S new store at Charlotte makes shopping in the Carolinas a real pleasure. Embracing a tone of excellence, an air of refinement and a service absolutely complete in placing before you merchandise of the highest quality, the new store will serve the Carolinas in person and by mail.

Some of the things that make shopping a pleasure:

ESCALATORS TO THE THIRD FLOOR
A CHILDREN'S BARBER SHOP
BEAUTY PARLORS
REST ROOM ON MEZZANINE
A DINING ROOM
TEA ROOM

Efird's
DEPARTMENT STORE
CHARLOTTE, N.C.

AND EVERY FACILITY KNOWN TO CONVENIENCE AND COMFORT



THE ONLY STORE SOUTH OF PHILADELPHIA WITH ESCALATORS
